Phonograph
for enlarging the record on a recorded
Cylinder by leverage
on Electric Engraver on 1st cylinder and
rotated slow to give full time
by acc

In reproduction perhaps a thread shaped point
would be best than U and not thin V the sheet
could be cut more easily without effacing

4 Hard Rubber
X5 Writing paper
X6 Soft Rubber 2
X7 Sheet brass
X8 Copper (thinnest)
X9 Talcot Leather
X10 Paraffin paper
X11 2 dz paper from roll up stairs so that I can soak them in different things.
X12 One of each thickness of tinfoil

Batchelor

X 1/2 paper dipped in shellac

X 1 " wood

X 1 [illegible]

1 [illegible]

X 1 [illegible]

X 1 [illegible]

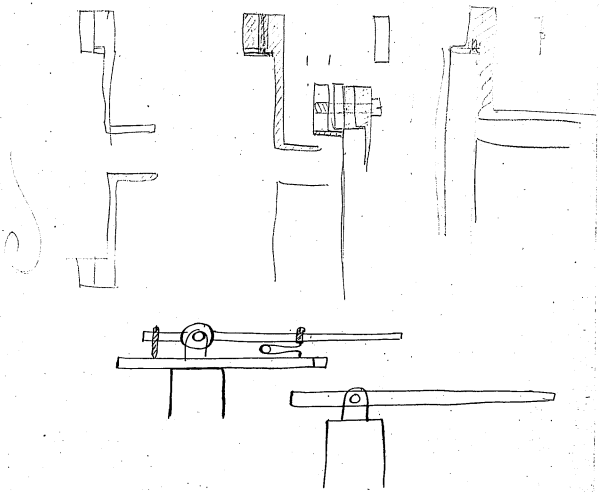
X 1 German Silver

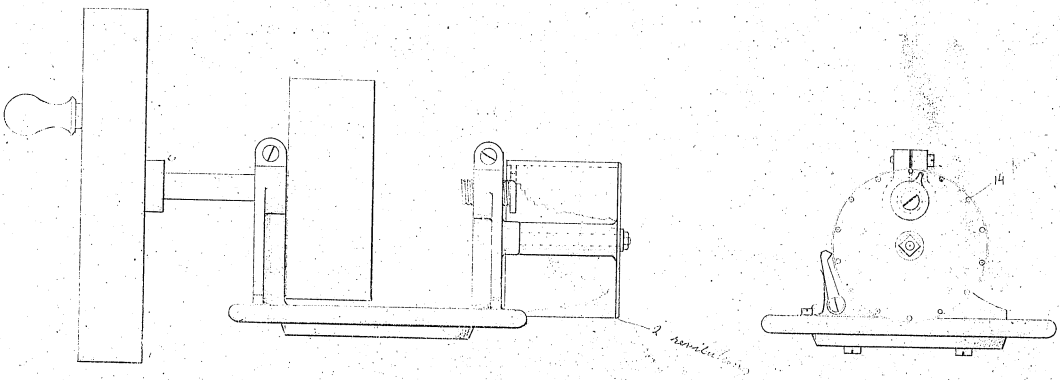
X 1 Steel

Phonautograph

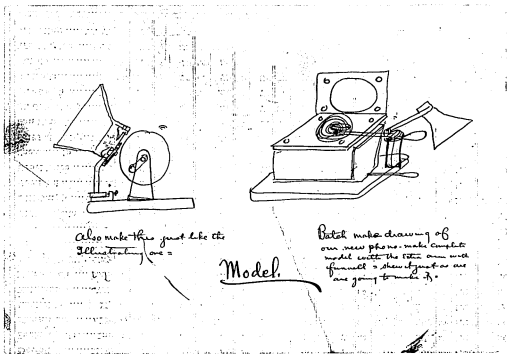
July 10th 1878.

Diaphragm must be stretched





John F. H.
July 15. 1873



Also make these just like the
Model.
Detail make drawing of
our new phone make complete
model with the rest on with
finished + show figures we
are going to make it.
